

# Student Intern in *SSDOO* Selected as 2003-2004 *Intel* Science Talent-Search Semifinalist

<see: [http://www.sciserv.org/sts/63sts/semi\\_md.asp](http://www.sciserv.org/sts/63sts/semi_md.asp)>

- Montgomery Blair High School senior, Miss Aditi Bhaskar, worked in the Space Physics Data Facility (Code 632) in July-December, 2003
- Aditi's research was on "the relationship between outer radiation belt Psi database variables"
- Aditi hopes to pursue a career in the geophysical sciences
- Aditi's mentor was Dr. Shing F. Fung

"My experience at Goddard was instrumental in showing me how working as a scientist in a professional institution would be. The internship has made me aspire to become a research scientist," said Aditi.
