1. INTRODUCTION:

The documentation for this data set was originally on paper, kept in NSSDC's Data Set Catalogs (DSCs). The paper documentation in the Data Set Catalogs have been made into digital images, and then collected into a single PDF file for each Data Set Catalog. The inventory information in these DSCs is current as of July 1, 2004. This inventory information is now no longer maintained in the DSCs, but is now managed in the inventory part of the NSSDC information system. The information existing in the DSCs is now not needed for locating the data files, but we did not remove that inventory information.

The offline tape datasets have now been migrated from the original magnetic tape to Archival Information Packages (AIP's).

A prior restoration may have been done on data sets, if a requestor of this data set has questions; they should send an inquiry to the request office to see if additional information exists.

2. ERRATA/CHANGE LOG:

NOTE: Changes are made in a text box, and will show up that way when displayed on screen with a PDF reader.

When printing, special settings may be required to make the text box appear on the printed output.

This data set has been restored. There were originally two 9-track, 1600 BPI tapes written in ASCII. There is one restored tape. The DR tape is a 3480 cartridge and the DS tape is 9-track, 6250 BPI. The original tapes were created on a 11/780 computer and the restored tapes were created on an IBM 9021 computer. The DR and DS numbers along with the corresponding D numbers are as follows:

DR#	DS#	D#	FILES	TIME SPAN
DR006131	DS006131	D063222 D079333	1 - 18 19 - 21	05/22/78 - 12/30/87 01/01/88 - 12/31/88

Dear Mr. Sawyer:

Enclosed is a magnetic tape containing hourly-averaged data acquired from the Pioneer Venus Orbiter Gamma-Burst Detector (OGBD). A description of the data format is given on the CDB tape documentation form. Also included is a full listing of the data recorded upon the tape, which is annotated to describe the data. If there are any questions regarding these data, please contact me directly. My telephone number is (505) 667-4944 (FTS 843-4944).

Sincerely col Klebesadel
